Summary of reasons for decision:

The image depicts a clothed female with her hand over her breast. While the subject is youthful in appearance she does not unequivocally present as a young person - she could equally be considered to be a young adult. The image's mildly provocative tone is not overtly sexual enough to be considered a matter of sex and therefore the image does not get through the s3(1) "subject matter gateway" of the Films, Videos, and Publications Classification Act 1993, nor does it deal with ss3A or 3B of that Act. The publication must therefore be classified as unrestricted. This classification is consistent with the right to freedom of expression as set out in s14 of the New Zealand Bill of Rights Act 1990.
